

Thomas A. Runk is a partner with the intellectual property firm of Fulwider Patton LLP in Los Angeles, where he is involved in all aspects of the firm's intellectual property practice, specializing in patents, trademarks, trade secrets, contracts, copyrights, and licensing. Mr. Runk has extensive experience in obtaining patents in the fields of electrical, mechanical, signal processing, control systems, data management and processing systems, computer hardware, software, optical, packaging, and automotive. He also has extensive experience in obtaining trademarks worldwide and in opposition practice in both trademarks and patents. In recent years, he has worked extensively with medical instruments, devices, and systems. He also has extensive experience in the intellectual property aspects pertaining to acquisitions and divestitures of product lines and entire companies. He provides client counseling services regarding the analysis of the patent and trademark rights of others when developing new products and bringing those products to market. Before joining Fulwider Patton, Mr. Runk was Associate Patent Counsel for the Ground Systems Group of Hughes Aircraft Company and was responsible for the protection and licensing of its radar technologies, spread spectrum communications technologies, display consoles, sonar and radar processor technologies, software products, and its computer products. He is admitted to practice before the U.S. Supreme Court, the U.S. Court of Appeals for the Federal Circuit, the Ninth Circuit Court of Appeals, the California District Courts, and before the U.S. Patent and Trademark Office. He has a B.S. in Electrical Engineering.
