## LAIPLA FELLOWSHIP

The LAIPLA Diversity Fellow will have the unique opportunity to learn and gain invaluable experience at one of the Host companies for the summer:

- **Edwards Lifesciences Corporation**, Edwards Lifesciences is a global company in the science of heart valves and hemodynamic monitoring. The company partners with clinicians to develop innovative technologies in the areas of structural heart disease and critical care monitoring that enable them to save and enhance lives. We manufacture our products in several global locations including the United States, Puerto Rico, the Dominican Republic, Switzerland and Singapore.
- **Boardriders, Inc.** is a leading action sports and lifestyle company that designs, produces and distributes branded apparel, footwear and accessories for boardriders around the world. The company's apparel and footwear brands, represent a casual lifestyle for young-minded people who are inspired by a passion for outdoor action sports. The company's Quiksilver, Roxy, and DC Shoes brands have authentic roots and heritage in surf, snow and skate. The company's products are sold in more than 110 countries in a wide range of distribution, including surf shops, skate shops, snow shops, its proprietary Boardriders shops and other company-owned retail stores, other specialty stores, select department stores and through various e-commerce channels. The Fellow will be an integral part of the in-house legal team based in Huntington Beach, California, working on anything from trademark strategy to agreement drafting, review and negotiation. Additionally, the legal department is tight knit and has an “open office” mentality, so there is opportunity for exposure to all legal issues facing the company.

### Requirements, Guidelines, and Procedures:

1. The Diversity Fellowship is a distinct and unique educational opportunity.
2. The Diversity Fellowship will be conducted during the summer of 2018, and will be part of the established Diversity Fellowship Program at LAIPLA. The purpose of the Diversity Fellowship Program is to further the professional development of law students associated with the LAIPLA by providing them with the benefit of educational experiences and practical vocational training that cannot adequately be provided in the classroom. The LAIPLA may oversee the professional development and training of students through their participation in the Diversity Fellowship Program.
3. The Fellowship Program will involve on-site participation by the Fellow at one of the respective Host offices no more than five (5) days per week for no more than ten (10) weeks. The Fellow will gain hands-on experience and will receive ongoing training and feedback from legal professionals at the respective Host. The skills the Fellow will develop will not be specific to the respective Host, but will be generic to the legal profession. For example, an understanding of basic legal principles and procedures will be a focus. These

basic legal principles and procedures may relate to trademarks, copyrights, and patents, as well as other areas of law.

4. One Fellow per Host will participate in the Diversity Fellowship Program in the summer of 2018. The Fellow will not displace any regular employees at the Host, but instead will work under the close supervision of existing staff at the Host. The primary and essential purpose of the Diversity Fellowship Program is to provide the Fellow with educational experiences and training that cannot be duplicated in the classroom in connection with an academic curriculum related to IP and other areas of law.
5. Each Fellow is not precluded from applying for a position with the Host at some point after the respective Fellow has completed the Diversity Fellowship. Nevertheless, the Diversity Fellowship Program is not intended as a first step to the employment process and no representations, expressed or implied, are made to Fellows regarding regular employment opportunities at the Host.
6. All Diversity Fellowship applications are due no later than the end of day on **Sunday, March 25, 2018**. No late or incomplete applications will be considered.
7. Once applications have been reviewed, representatives from LAIPLA will contact potential law-student candidates for an interview. For finalists, an in-person interview may be required. These interviews will likely take place during the month of April 2018. Once the Fellows are selected, each successful candidate will be contacted by LAIPLA representatives about one week after the interviews are completed.
8. LAIPLA will have sole discretion in selecting the student who will participate in the Diversity Fellowship Program. The initial selection process will include input from representatives from the Sponsors, LAIPLA Board members, and members of the Hosts.
9. In the event that the selected Fellow is unable to begin his/her fellowship, other applicants may be subsequently contacted to fulfill any vacant Diversity Fellowship roles.
10. The Fellow will be expected to be present during regular workday hours at the respective Host. The Fellow's presence at the Host will not exceed eight (8) hours in a day or forty (40) hours a week, and it will not exceed ten (10) weeks. The \$6,000 stipend will be issued by LAIPLA to each Fellow as follows: \$3,000 at the beginning of the Diversity Fellowship, and \$3,000 around halfway through the completion of the Diversity Fellowship.

*Stipends may be considered taxable income.  
Fellows bear the responsibility of filing and paying any taxes due.  
Please consult your own tax or financial advisor with any questions.*
